minimalist design with maximalist features

all with the traditional Northstar quality

Northstar AXIS Tenders was developed to answer all the critical needs for a functional, ergonomic and performing yacht tender. AXIS Tenders are offered in 6 different lengths between 3.2 and 5.3m to fit a variety of swimming platforms and garages. Benefiting from the Delfa-lift hull shape with integrated delta tabs aft, all AXIS Tenders plane very easily and ride dry.

Fitted with standard features like hydraulic steering, CSM (Hypalon) tubes, built-in fuel tank, pop-up cleats, extensive electrical system with automatic bilge pump, navigation lights and USB charging socket, an AXIS Tender is ready to become your indispensable tool around your yacht.
