ADVANCED STEPPED HULL
designed by Adam Younger

Northstar's ORION series - ORION 6, 7, 8, and the new flagship ORION 10 - sets the benchmark in mid-range cruising RIBs. All models feature stepped hulls designed by British hull designer Adam Younger for optimal efficiency and seakeeping, and come equipped with a long list of standard features.

ORION 6, 7, and 8 can be configured with various canopy options, a head inside the console, and a sundeck - enhancing comfort for day trips and beyond. ORION 10 comes standard with an electric head, a wider deck, and the option of a sink and stove, making it ideal for extended cruising.

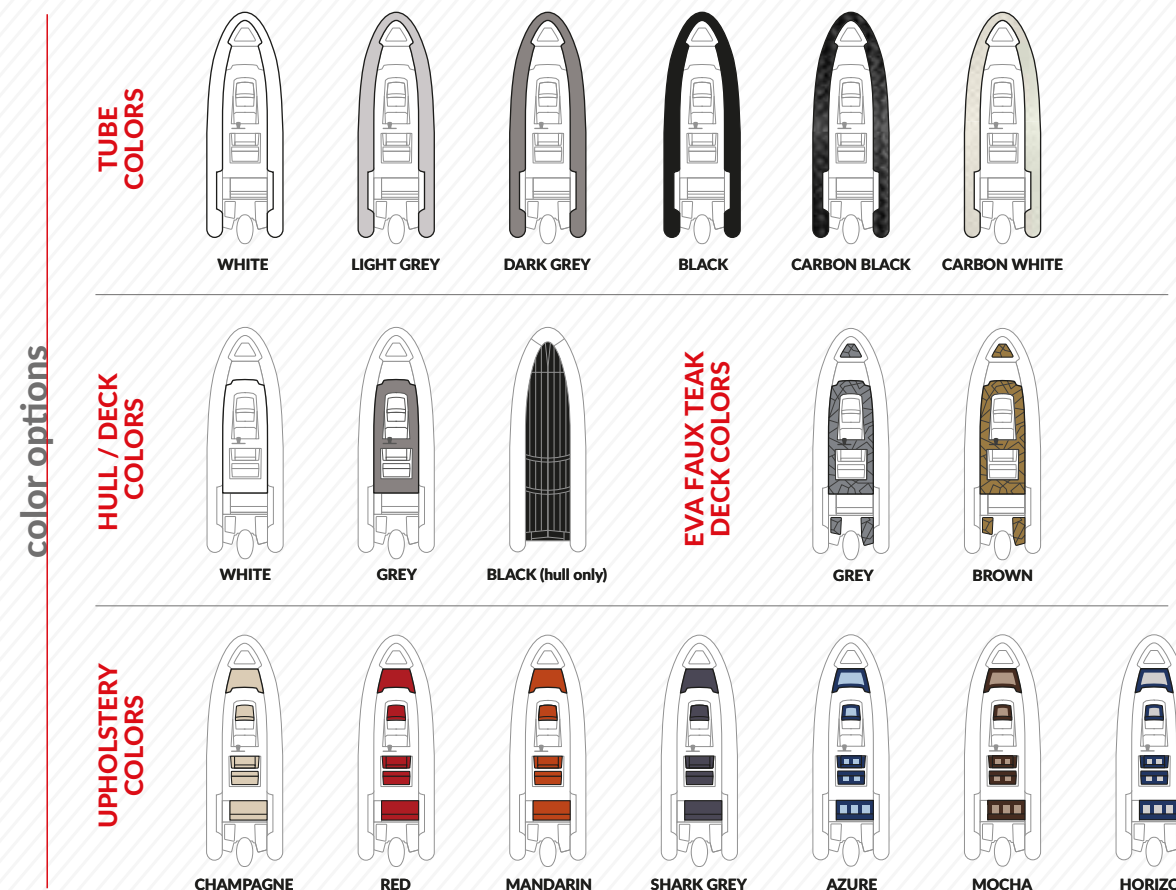

Rooted in Northstar's minimalist design philosophy, the ORION lineup delivers performance, comfort, and style in perfect balance.
